

BEHIND THE METER

CONTRACT DEMAND REDUCTION

Are you paying excessive fixed charges?

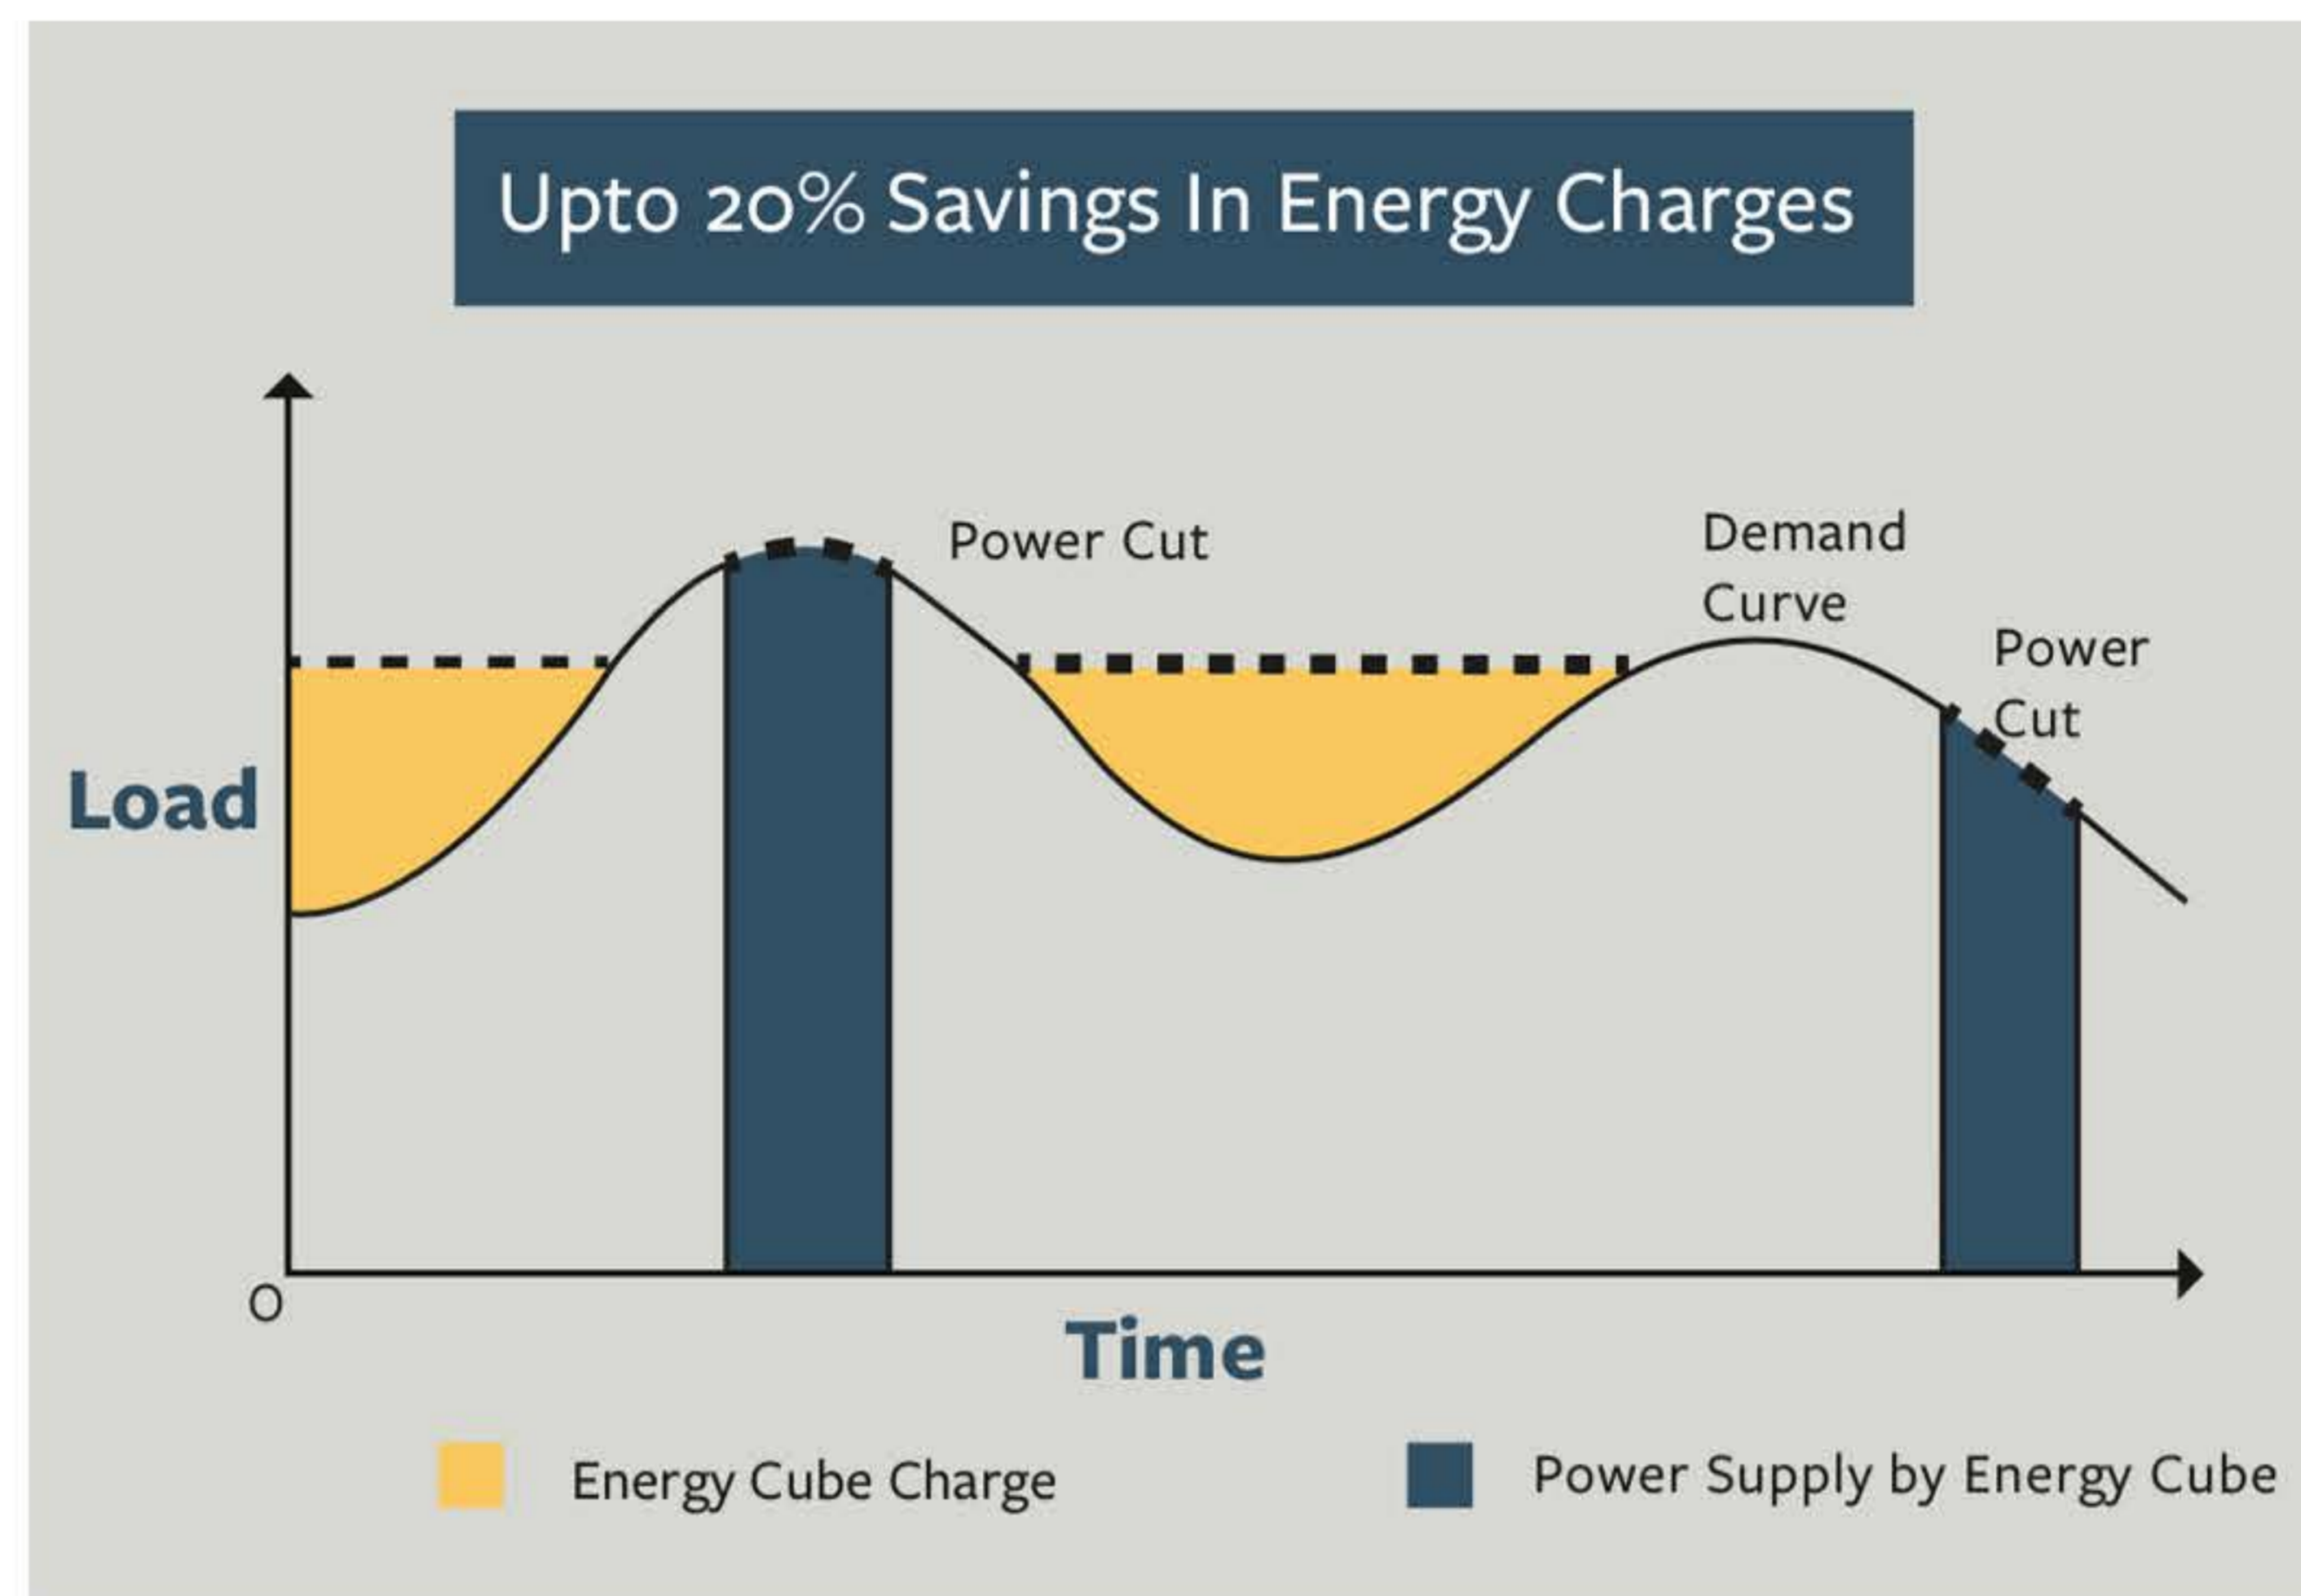

- Fixed charges can be a substantial component of your electricity bill.
- Energy cube can help you reduce your fixed charges by shaving off-peak demand.

Upto 25% Savings In Fixed Charges

QUIT USING DIESEL GENERATOR FOR POWER BACK UP

- Cost Of Electricity From Diesel Generators (DG) Can Be As High As INR 18/kWh.
- Emission From DGs Is Harmful For Your Immediate Neighbourhood.
- DG Usage Will Hurt The 'Green Image' Brand Messaging.

ADVANTAGES OF ENERGY CUBE

- Energy Cube Can Present A Cost Effective Solution To Manage Grid Downtime / Power Cuts.
- Helps In Creating A Sustainable Brand.
- Protects Your Bottom Line Against Increase In Diesel Prices.
- Keeps You Future Ready In Case The Government Comes Up With Any Regulations On GD Usage.
